*ARTIST:* Judy Perry, Chisago City

Judy has lived in the Chisago Lakes Area for most of her life, along with her husband and four sons. She has been involved with arts and craft projects since she was very young, and loves trying new things.

Barn Quilts caught Judy’s eye several years ago, during her travels. So when she learned about this local quilt trail, she wanted to participate. Judy has participated in many community projects in the past. She chaired the PTO Craft Show committee for 10 years, and was co-chair for the Chisago City Halloween Festival for 12 years.

Judy loves everything about living in this area, where people are so *connected*.
