ARTIST: Wendy Wittner, Chisago City

Wendy started work at Parmly 18 years ago as a floor nurse, and has lived in Chisago City for 17 years. Art has been a big part of her life and she continues to develop her artistic talents through online tutorials and classes and with art/math instruction books.

Wendy has a heavy reliance on God to help guide her hands and mind. Her husband of 9 years also helps by offering encouragement and constructive criticism. Wendy works with several mediums but specializes in acrylics. She likes to paint animals, landscapes and geometric designs. *“Comfort Squared” is done in sharply contrasting colors and reflects her geometric design skills.*
