ARTIST: Patricia Post, Lindstrom

Pat has lived in the Chisago Lakes area for more than 30 years. She loves painting with watercolor because of the spontaneity and “happy accidents” that occur. In her paintings, Pat tries to create a blend of abstraction and reality. She loves painting nature to reflect God’s creation. Her artworks are prominently displayed throughout the area, in hospitals, homes and businesses. Those who view her paintings have a high regard for the quality and peacefulness of her work.

*NOTE: Aqua Bella means “beautiful water” – and on this quilt square, Pat’s pattern is an artful depiction of the beautiful lakes and rivers in the area, as well as the peaceful pools and spas that are created by A*Pro’s professional services.*
