

# Quilt # 24

*QUILT NAME:* “Bejeweled Star”

*LOCATION:* **Virga Chiropractic** – Drs. Joe and Kathleen Virga practice a very conservative Chiropractic approach dedicated to pain relief. They have been in practice since December 1, 1990 and want to help you stop suffering from aches and pains that are causing you to miss out on the activities in your life.

You can feel good without the use of medication or surgery. The Virga’s offer several treatment options including chiropractic care, spinal decompression, floating decompression, strength restoration therapy and even a very effective weight loss program. In 2010, they became a Diamond Disc Institute for Spinal Care. They serve Chisago Lakes and the surrounding areas in Minnesota, and also St. Croix Falls, Osceola and Dresser, Wisconsin.

12670 Lake Blvd.

Lindstrom, MN 55045

*ARTIST:* Gloria Peterson, Lindstrom

Gloria grew up in Franconia Township and graduated from Chi-Hi. After graduating from the University of Minnesota with a degree in Art Education, she taught art in Australia for two years before returning to the Chisago Lakes area. She taught in the Taylors Falls school for fourteen years, and Chisago Lakes Middle School for eighteen years. Gloria has retired from teaching and has become a full-time artist.

Gloria also volunteers as a member of the Bluebird Recovery Program of Minnesota, Gloria monitors a bluebird trail of 40 (20 pairs) bluebird houses at Wild River State Park. Once a week she looks inside each house to see what’s happening (nests, eggs, chicks, removing nests after the chicks have fledged). She writes down data and submits an end of the year report. For each of the last eight years, more than 100 new bluebirds have emerged from this bluebird trail.
