ARTIST: Margo Gulbranson, Lindstrom

Margo grew up in the Swedish corridor of central Minnesota, in Stanchfield, and has lived in Lindstrom since 1989. Her husband Ki Gulbranson is a lifelong resident of Lindstrom, and they have five children: John, Shiloh, Per, Hans and Nils.

Graphic design is an integral part of Margo’s daily life, for both work and pleasure. Their Swedish Barn Quilt square was inspired by the simple foundational core of their family business. Goldstar Printworks was aptly named to seek, strive and achieve excellence in work, faith and family.

The larger two-tone gold star represents Ki and Margo as a team and parents of their five children, as represented by the five surrounding stars. The vertical stripes symbolize their intention to live an upright life. The colors and hues of Navy Blue and Gold complement their corporate brand and are often associated with words worth emulating: Stability, Loyalty, Success, Triumph, Achievement, Optimistic, Positive and Dependable.
