LOCATION: **Borealis Dental Studio** – Established in 2016 by Dr. Sean Goolsby, DDS, when Dr. Michael Hursh retired and sold his practice. Dr. Goolsby is from Fairbanks, Alaska. He and his wife and two children moved to Minnesota in 2011, and he instantly fell in love with the climate and the people. Dr. Goolsby has been practicing in the Chisago City, North Branch and Cambridge areas the past five years, and is now happy to be working permanently in Lindstrom. ARTIST: Patricia Post, Lindstrom

Pat has lived in the Chisago Lakes area for more than 30 years. She loves painting with watercolor because of the spontaneity and “happy accidents” that occur. In her paintings, Pat tries to create a blend of abstraction and reality. She loves painting nature to reflect God’s creation. Her artworks are prominently displayed throughout the area, in hospitals, homes and businesses. Those who view her paintings have a high regard for the quality and peacefulness of her work.

Pat painted a chair for the Highway 8 Chairs project in 2013, and has painted four quilt squares for the Swedish Barn Quilt Trail.
