

Quilt # 36

QUILT NAME: “Whirling Star”

LOCATION: **Homespun Treasures** – a small shop in Lindstrom that sells handmade, repurposed, and arts and crafts. The shop opened during the holiday season in 2013, and has become a “must see”. Homespun Treasures carries only locally created gifts. Sometimes the artists are roaming the shop, answering questions on their creations — from refinished antique tables to mittens and hats to jewelry, including necklaces made from old keys and locks. Take a peek at the front window displays, or near the back door on First Ave. – where owner Marie Cromett’s barn quilt square is proudly displayed. Visit them on Facebook to see what’s new!

ARTIST: Marie Sass Cromett, Chisago City

Marie Cromett is an artist and lake lover. She owns and manages “Homespun Treasures” in Lindstrom. Marie grew up in Maplewood, MN, and her family had a cabin in Forest Lake, where she got the “lake bug” and knew she needed to live on a lake someday. She moved to a home on Little Green Lake in the summer of 2007, with her husband and family.

Marie loves painting, crafts, and furniture refinishing/upholstery. As she was growing up, she took any art classes that she could, to gain experience in all styles of art. Over time, she developed her own style – to do whatever inspires her! She is still getting inspired, and learning every day.
