ARTIST: Barbara Johansen, Scandia

Barbara has had a passion for making art since she was a child. Her focus is mainly watercolor and pen and ink, but she enjoys exploring all media. Barbara studied art in high school, at the School of Associated Arts in St. Paul and Lakewood College in White Bear Lake. She attends workshops to learn new techniques and for the opportunity to work with other artists.

Barbara shares her knowledge and passion for creating art by teaching classes for adults and children through community education workshops, home school, and giving private lessons in her home. Much of Barbara’s work reflects her love of Minnesota and the St. Croix River Valley. She has donated artwork to the Festival Theatre, Relay for Life, the Chisago Lakes Area Community Foundation’s Art Dash and other non-profits. She also painted a modified Adirondack-style chair for the “Life is Great on Highway 8” chairs project in 2013. Her art and community spirit are well known and appreciated in the Chisago Lakes Area. Barbara’s work is available at Gustaf’s Galleries in Lindstrom.
