

# Quilt # 42

*QUILT NAME:* “Dr. Pete’s Patchwork Pets”

*LOCATION:* **Lakes Veterinary and Surgical Center** – offers comprehensive pet care and advanced surgical procedures like oral surgery, orthopedic, laser, and reconstructive surgery. Dr. Pete Lukasik is a gifted surgeon who performs many surgeries, including even the most complex surgeries that other veterinarians refer to him. Dr. Pete has a passion for perfection, and uses state of the art medical equipment. If your veterinarian has referred you to the U of M, or a specialist, call them. They can most likely save you time and money, while delighting you with their advanced technology and personalized care.

Lakes Veterinary offers a complete line of services, including pet boarding and home visits. Please visit their office, or website, for more information.

*ARTIST:* Grace Kirvida, Lindstrom MN

Grace was raised in the Chisago Lakes area. She recently graduated from the University of St. Thomas with a major in actuarial science. Despite being “left-brained” she's always had a passion for art, so she was excited to take on this quilt square when the opportunity presented itself. This project brought Grace back to her love for painting, as well as inspired her to say “yes” to other creative opportunities.
