ARTIST: Terry Metz, Scandia MN

Terry has enjoyed living in Chisago County for the last 23 years, and feels lucky to live in such a beautiful area! One of her primary hobbies is quilting and she has made quilts for most of her life. Terry enjoys the geometry of the patterns, and loves playing with color. Geometry, math and drafting are also elements of what she does to earn a living – she is employed in the engineering field as a Road and Bridges Construction Inspector.

Painting a “barn” quilt for the Swedish Barn Quilt Trail gave Terry the opportunity to combine her love of quilts with her drafting skills. She is happy to be able to give back a little to the community she loves.
